Birth date: 13.05.2000r.

PROFILE

I am a student of the second year at the faculty of computer science and management. Currently I have two main life golas, which I am constantly working on. First of them is to graduate the university. The second one, nevertheless important is to learn Swift language at that state which will allow me to get my first job.

WORK

Customer Service, The Court Yard Hotel, Leixlip — 2019

During 2019 vacation's I was taking care of all the clients (working at the bar, guests servicing, taking care of the physical condition of the hotel). I had to speak in english to others, what helped me to increase my communications skills.

Waiter, Wrzosowa Chata, Bielsko-Biała — 2017/2018

Being a waiter taught me how to cooperate with other people that I needed to work with. It also helped me to update my soft skills, by all the time interaction with guests.

EDUCATION

Academy	City	Specialization	Year

I hereby agree to the processing of personal data included in my application for the needs necessary to carry out the recruitment process carried out by Angry Nerds in accordance with art. 6 par. 1 lit. a Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of individuals with regard to the processing of personal data and on the free movement of such data and repealing Directive 95/46/EC (General Data Protection Regulation).

INTERESTS

- Making fun and studying all kind of new technology's that comes on market. Always love to deep dive into every gadget as it is possible. Technology is with me, for many years now. Every year I find new ways of getting more of it (like podcasts).
- Science and thriller books. I love to read and intensify my knowledge at free time. Currently I am planning to read all of three books from Yuval Noah Harris.
- I love to run long distances. I managed to finish half-marathon, the full version of it is on my way.
- Cosmos and space flights. I am very fascinate about the planets and the outer space. Every time some rocket launches and I am able to watch it, I am doing it. I think it is the best way to be as close to space as You can - by taking part in real events.

FUTURE PLANS

- Having such a wide range of knowledge in Swift
- Graduate University.
- Ability to speak Spanish fluently.
- Learn UI design.
- All the time studying new technology that comes out, and never stops developing.

I hereby agree to the processing of personal data included in my application for the needs necessary to carry out the recruitment process carried out by Angry Nerds in accordance with art. 6 par. 1 lit. a Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of individuals with regard to the processing of personal data and on the free movement of such data and repealing Directive 95/46/EC (General Data Protection Regulation).
